

ST. LOUIS NATIONALS TO APPEAR HERE

The K-C management has an added attraction for the people of Norwich for Sunday, May 22, when the St. Louis Cardinals will appear in full strength at the Fair Grounds. They will be on their way from Philadelphia to Boston and will stop here for an exhibition game. The K-C manager has told the baseball public through the press that he would give them a splendid ball club this season and he is keeping his word in that respect. He also told them that he would give them some big league attractions but no one dreamed of his getting his league team here until at least mid-season.

He has been in communication with the officials of the St. Louis team for the past three weeks and the following letter is the result of his efforts.

ST. LOUIS, Mo., April 25, 1921.

Mr. John A. Holland, Mgr., Knights of Columbus Baseball Association, Norwich, Conn.

Dear Sir:—Replying to your letter of April 11 in relation to the exhibition game on May 22 at Norwich, I am pleased to advise that I am instructed to accept your proposition. Please confirm this letter and we will consider the game closed.

Yours truly,

HIRSH W. MASON,

Treasurer.

The St. Louis team will stop over Sunday night in Norwich and will be entertained at the K. of C. home. Rogers Hornsby, the brilliant young player whom John J. McGraw, manager of the New York Giants, offered \$500,000 and three players will surely be with the team and will play second base. This is only the first of several good attractions that will be seen at the fair grounds this year.

The following is a short history of Rogers Hornsby:

Rogers Hornsby, second base, born at Fort Worth, Tex., April 18, 1896, and has just passed his 25th birthday. He is five feet eight inches tall and weighs 164 pounds. His first professional game was played with the St. Louis Cardinals in 1914. He was sold by that club to the St. Louis Cardinals in 1915 and has been with them ever since. He led the National League in hitting in 1920 playing in 149 games, was at bat 543 times, made 225 runs, 213 hits for a total bases of 325. His total percentage for the season was .378. He was also one of the leading scorers in the league, having 114 runs in 143 games making 245 points, 524 assists and making only 24 errors in the entire season, making a splendid fielding average of .972. No wonder McGraw offered \$500,000 for him. He is a right-handed batter, a right-handed pitcher, a right-handed fielder. Branch Rickey, president of the Cardinals, says "A half million dollars will not buy him." And Hornsby is a national star with his job in St. Louis. This brilliant player will appear here on May 22nd.

Every lover of the game within a radius of 50 miles or Norwich should not miss this special feature. Admission is free to the St. Louis team. The infield comprises Jake Fournier, first base; Rogers Hornsby, second base; Eddi Murray, shortstop; Milton Brown, third base.

FINANCIAL AND COMMERCIAL

SATURDAY'S MARKET.

New York, April 24.—Selected items were in urgent demand during today's brief but active session. Motors and related shares, especially rubbers, overshadowed all others at net gains of 1 to almost 5 points.

Leathers, food and chemical issues also were prominent at similar gains, but recent favorites of the industrial class were sluggish and uncertain, while rails figures only names.

Selling of oil was resumed at the outset. Mexican again showing greatest pressure in connection with adverse trade reports, but substantial recovery was noted later, gains exceeding losses at the close. Sales amounted to 375,000 shares.

Apart from the weekly recede of trade authorities, which referred to a quickening of the industrial pace and more optimism in many lines of business, news of the day bore little relation to market values.

Liberty bonds forfeited part of yesterday's general advance, but ended market in general was steady to firm. The day's sales (par value) aggregated \$5,575,000.

For the second time since the early part of April the clearinghouse deficit in actual reserves, the loss of about \$2,450,000 resulting from a cash decrease of slightly more than \$13,000,000 in cash holdings.

Otherwise the statement failed to reflect to any extent the pronounced increase of stock market activity, loans and discounts showing only a trifling expansion.
